

## BEST IN CLASS IN-HOME DIAGNOSTIC MEDICAL DEVICES

Connected Care by Veridian Healthcare is the leading supplier of competitively priced high quality medical devices and wellness products. Providers implementing a Remote Patient Monitoring program can begin services with limited staff effort and little or no capital investment for inventory.

### COMPREHENSIVE PRODUCT OPTIONS:

-  DIGITAL THERMOMETERS
-  BLOOD PRESSURE MONITORS
-  PULSE OXIMETERS
-  GLUCOMETERS
-  WEIGHT MANAGEMENT
-  FETAL HEART MONITOR

All products are available stand-alone, connected (Bluetooth, Cellular), or as components in a complete kitted solution.

Optional custom packaging and private labeling programs available through our in-house dedicated design and package engineering team.

## ENTERPRISE-CLASS

### SUPPLY CHAIN

Veridian Healthcare is the nation's largest-capacity supplier, serving major retailers, healthcare systems and disease management companies.

- Low- or no-cost 'off balance sheet' purchasing options to eliminate customer capital and inventory costs.
- Extensive global manufacturing network provides large scale production capacity to quickly launch new devices.
- Teams in our three U.S. warehousing and QC facilities manage a highly efficient supply chain from point of manufacture to product shipment.
- Direct-to-residence shipping services to reduce handling costs and expedite patient care.
- Easy online ordering via API integration with our Oracle/NetSuite platform.

## COMMITMENT TO QUALITY

Patient safety and product quality is the foundation of our company culture.

- Connected Care maintains a Quality Management System compliant with ISO 13485:2016, and 21 CFR Parts 820, 210 and 211. Veridian is an FDA-registered repackager/ relabeler of medical devices.
- Supplier ISO, GMP and Social Responsibility Audits are reviewed annually.
- Third party testing is performed on all new products as necessary to meet specific customer requirements.
- Extensive quality inspections of incoming products—including device activation and battery testing—are conducted in our 150,000 square foot locations.
- Simple-to-follow product instructions for patients and caregivers.
- All patients have access to a toll-free Customer Care line, where a Veridian service expert in our Illinois corporate office is eager to help.
